Pharmacy FMD System - Standalone

ATL FMD Solution is an easy to use secure cloud based application,
that enables pharmacies and other persons authorised
or entitled, to supply medical products according to the FMD directive.

ATL FMD features:

✓ No set up fee / No contract
✓ First 3 months free
✓ No additional cost for multiple users
✓ Manage security user rights for the whole application
✓ Scan 2D barcode to verify or decommission pack.
✓ Scan at the point of labelling.
✓ FMD Bag Label.
✓ Scan to decommission the packs on collection.
✓ Audit trail for all printable data.
✓ Download reports.
✓ Secure data storage with ISO27001 Certified UK Data Centre.

Fully Compliant with the FMD Directive
